SKILLS

Languages:	C/C++, Python, SQL, HTML, CSS
Databases:	MySQL, PL/SQL
Tools/Platforms:	Excel, VSCode
Core Concepts:	Data Structures & Algorithms, OOPS, DBMS
Soft Skills:	Leadership, Team Player, Adaptability Perseverance

PROJECTS

Student Grade Calculator.

Jul 2026

- Engineered a console-based C++ application to compute total marks, percentages, and grades from subject-wise inputs.
 - Automated grade evaluation through functions and conditional logic, mapping scores to predefined grading criteria.
 - Integrated input validation and result-processing logic to handle user inputs accurately and generate clear, reliable outputs.
 - Simplifies repetitive manual calculations and reduces errors when determining students' percentages and grades.
- Tech:** C++, Functions, Conditional Statements

Snake Game using Python

Mar 2026

- Built an interactive Snake game in Python with real-time keyboard controls and continuous gameplay.
 - Programmed snake movement, collision detection, food generation, score tracking, and game-over conditions using core Python logic.
 - Structured game behavior with loops and conditional statements to manage boundary detection, player movement, and gameplay events.
 - Demonstrates how real-time user input, movement, collision handling, and changing game states can be managed within a Python application.
- Tech:** Python, Game Logics, Loops, Conditional Statements

Smart Home Door System

Nov 2025

- Developed a Arduino based Smart home door opening system using ultrasonic sensor.
 - Applied Servo motor, Arduino, ultrasonic sensor and Arduino IDE.
 - Deployed as a real model of the project.
 - Reduces the need for manual door operation by automatically detecting a nearby object and controlling the door mechanism
- Tech:** Arduino IDE, C++

CERTIFICATES

-
- | | |
|---|----------|
| C Programming Certification – Neo Colab LPU | Jul 2026 |
| Introduction to Artificial Intelligence – Springboard /(Link) | Mar 2026 |
| Big Data and Data Science – Saylor Academy /(Link) | Feb 2026 |
| Introduction to Python – Saylor Academy | Sep 2025 |

ACHIEVEMENTS

-
- Earned O grade in Python, C programming, Database Management System.
 - Qualified JEE Advanced exam with AIR 14716 and JEE Mains exam with 98.89 %ile.

EDUCATION

Lovely Professional University

Bachelor of Technology - Computer Science and Engineering; **CGPA: 9.78**

Phagwara, Punjab
Since Aug 2025

Amar Jyoti Sr. Sec. School

Intermediate; **Percentage: 90**

Sri Karanpur, Rajasthan
Apr 2024 - Mar 2025

MGGS Sri Karanpur

Matriculation; **Percentage: 91**

Sri Karanpur, Rajasthan
Apr 2022 - Mar 2023
